

Putting the "Work" in "Telework"

Maggiano's – Perimeter
4400 Ashford Dunwoody Rd.
Atlanta, GA 30346

Thursday, November 8th

11am — 1pm

Through The Clean Air Campaign's telework consulting services, many local employers have raised the bar on teleworking in metro Atlanta. Learn from their successes - and hear their challenges - at one of our most popular and interactive sessions. Solvay Pharmaceuticals, Assurant Specialty Property and Georgia Department of Transportation will share their real-world experiences with teleworking. Following these case studies, we'll present effective techniques for implementing teleworking at your worksite. This session is perfect for employers who are interested in starting a new telework program or expanding a current one.

Lunch will be provided.

Reservation required: Contact: Jennine@CobbRides.com.
